Elite English Learners' Club

Report on World Forestry and Water Day Celebration 2019

The **Elite English Learners' Club** of the Department of English, Ramco Institute of Technology, organized the **World Forestry and Water Day Celebration** on **22 March 2019** with the objective of creating awareness about environmental conservation, sustainable use of natural resources, and the importance of protecting forests and water while enhancing students' English language and creative communication skills. As part of the celebration, two engaging competitions, **Poster Making** and **Poetry Writing**, were conducted in the **Language Lab** for students of all departments.

Students from First, Second, Third, and Fourth Year enthusiastically participated in the competitions. The events were thoughtfully designed to inspire environmental responsibility while encouraging participants to express their ideas creatively through visual art and literature. The activities also aimed to improve students' vocabulary, imagination, language proficiency, and communication abilities.

The **Poster Making** competition provided students with an opportunity to creatively illustrate the significance of forest conservation, water preservation, and sustainable living. Participants designed informative and visually appealing posters that effectively conveyed environmental messages through artistic expression. The **Poetry Writing** competition encouraged students to compose original poems reflecting the beauty of nature, the importance of forests and water, and the collective responsibility of protecting the environment. The participants demonstrated creativity, emotional expression, and excellent command of the English language.

The competitions witnessed active participation, healthy competition, and remarkable enthusiasm from students across various disciplines. Participants showcased originality, artistic talent, critical thinking, and effective communication throughout the programme. The celebration successfully created awareness about environmental sustainability while providing students with a platform to enhance their creativity and English language skills.

The faculty members of the Department of English coordinated the competitions efficiently and ensured the smooth conduct of all activities. Winners were appreciated for their outstanding performances, and all participants were encouraged to continue contributing towards environmental conservation through responsible actions and active participation in future club programmes.

The **World Forestry and Water Day Celebration** concluded successfully, reinforcing the importance of conserving forests and water resources while promoting environmental awareness, creativity, and effective communication among students.
