Department of English

Elite English Learners' Club

Report on World Health Day Seminar 2019

The **Elite English Learners' Club** of the Department of English, Ramco Institute of Technology, organized a **World Health Day Seminar** on **08 April 2019** in the **Language Lab** with the objective of creating awareness about the importance of physical and mental well-being while enhancing students' English language, communication, and discussion skills. As part of the programme, an interactive **Group Discussion** was conducted for students of all departments.

Students from First, Second, Third, and Fourth Year enthusiastically participated in the seminar. The event was designed to encourage students to exchange ideas on health-related issues, healthy lifestyle practices, mental wellness, nutrition, fitness, and the importance of preventive healthcare. The programme also aimed to strengthen participants' spoken English, critical thinking, listening, and interpersonal communication skills through meaningful discussions.

The **Group Discussion** focused on the theme of *"Health for All – Everyone, Everywhere."* Participants actively shared their perspectives on maintaining a balanced lifestyle, reducing stress, promoting mental health awareness, and adopting healthy habits in everyday life. The discussion encouraged students to express their opinions confidently, support their viewpoints with relevant examples, and engage in constructive dialogue while respecting diverse perspectives.

The seminar witnessed active participation, thoughtful interaction, and remarkable enthusiasm from students across various disciplines. Participants demonstrated confidence, teamwork, analytical thinking, and effective communication throughout the session. The programme successfully created awareness about the significance of health and well-being while providing an excellent platform for improving English language proficiency and public interaction skills.

The faculty members of the Department of English efficiently coordinated the seminar and ensured the smooth conduct of all activities. Students actively contributed to the discussion, and participants were appreciated for their valuable insights and enthusiastic involvement. They were encouraged to continue promoting healthy living and to participate regularly in the activities organized by the club.

The **World Health Day Seminar** concluded successfully, reinforcing the importance of maintaining good physical and mental health while fostering communication skills, collaborative learning, and responsible citizenship among students.
