Department of English

Elite English Learners' Club

Report on National Science Day Celebration 2019

The **Elite English Learners' Club** of the **Department of English, Ramco Institute of Technology**, organized **National Science Day Celebration** on **28 February 2019** with the objective of promoting scientific temper while strengthening students' English language and communication skills. As part of the celebration, two engaging competitions, **Block and Tackle** and **Eng Wizard**, were conducted for students of all departments.

Students from **First, Second, Third, and Fourth Year** enthusiastically participated in the competitions. The events were carefully designed to combine science with language learning, encouraging participants to improve their vocabulary, communication, analytical thinking, and problem-solving abilities in an interactive and enjoyable environment.

The **Block and Tackle** competition challenged students to think critically, communicate effectively, and demonstrate their language proficiency through a variety of engaging tasks. The **Eng Wizard** competition tested participants' command of English through vocabulary-based activities, grammar challenges, word-building exercises, and language puzzles, making learning both competitive and enjoyable.

The competitions witnessed active participation, healthy competition, and remarkable enthusiasm from students across different disciplines. Participants displayed confidence, creativity, quick thinking, and excellent teamwork throughout the events. The programme successfully created an atmosphere where students could develop their communication skills while celebrating the spirit of scientific inquiry.

The faculty members of the Department of English coordinated the competitions efficiently and ensured the smooth conduct of all activities. Winners were appreciated for their outstanding performances, and all participants were encouraged to continue enhancing their English communication skills through regular participation in club activities.

The National Science Day Celebration concluded successfully, reinforcing the importance of integrating scientific curiosity with effective communication and lifelong learning.
