Journey to Success – A Workshop on Career Building

Date: 29–31 May 2024

Venue: Computer Center IV

Category: Workshop

Introduction

The 'Journey to Success – A Workshop on Career Building' was organized over three days from 29 to 31 May 2024 at Computer Center IV. The workshop aimed to prepare students for their professional careers by providing practical guidance on career planning, resume preparation, interview techniques, and professional communication.

Objectives

- Equip students with career-building skills.
- Improve resume and portfolio preparation.
- Develop interview confidence through mock sessions.
- Enhance professional communication.

Activities

Experts conducted interactive sessions on career planning, resume writing, portfolio development, interview etiquette, group discussions, and communication skills. Students participated in mock interviews and received personalized feedback.

Outcome

Participants gained a better understanding of employer expectations and left the workshop with improved resumes, enhanced interview skills, and a structured career-readiness plan for upcoming placement opportunities.

Conclusion

The workshop successfully motivated students to take proactive steps toward their career goals. The practical sessions and expert guidance helped participants build confidence and prepare effectively for future recruitment processes.
